## **MYP STUDENT LEAD CONFERENCES**

**Oct 30<sup>th</sup>, Oct 31<sup>st</sup>, Nov 1**

Dear Families,

Your children will be showcasing their schoolwork and discussing educational goals with you through a new format called Student-Led Conferences. During Parent-Teacher Conferences, students will lead the discussion with you about their schoolwork, while Leaders in Training teachers will help direct conversations and answer questions you may have. They will be scheduling conferences individually with parents after fall break. We have several goals for holding conferences using this format:

- For parents – we hope that you will get to see rather than simply being told about your child's progress.
- For students – we hope students will take more responsibility for their learning.
- For LIT teachers – we hope to have more meaningful and impactful exchanges with parents as we are mentoring your students.

For all – we'd like to maximize our time together and create ways to partner with one another to support your student success. We are excited to share your student's work with you.

If you have any questions pertaining to this conference format please email me.
